

Tucker Engineering/Tuck's Cards

INSTRUCTIONS FOR ASSEMBLING A BCW BRAND MAGAZINE OR COMIC BOX

PARTS LIST

The **Magazine Box** or **Comic Box** consists of a total of two (2) pieces.
You should have the following before you begin:

One (1) Lid

One (1) Body

Tucker Engineering/Tuck's Cards

PART 1: BODY (STORAGE AREA) ASSEMBLY

Start by unfolding the **Body** of the **Magazine Box** or **Comic Box** as shown below:

Lay the **Body** down and fold flap number **1** into the body as shown below:

Tucker Engineering/Tuck's Cards

Fold flaps number **2** and **3** down as shown below:

Fold the flap number **4** into the **Body** of the **Magazine Box** or **Comic Box** until it is flush with the sides as shown below:

Place the **Magazine Box** or **Comic Box** on a flat surface upright and pull flap number **1** up so that it is against the side of the box. Pull flaps **2** and **3** up so that they are also against the sides of the box and then push flap **1** back down to form the bottom of the box. Follow the procedure as illustrated below:

PART 2: LID ASSEMBLY:

Place the **Lid** to the **Magazine Box** or **Comic Box** on a flat surface with the white side down as shown below:

Fold the sides of the **Lid** up and fold the ends in as shown below:

Tucker Engineering/Tuck's Cards

Fold the ends of the **Lid** up and over the ends and insert the tabs into the slots in the **Lid** of the **Magazine Box** or **Comic Box** as shown below:

Tucker Engineering/Tuck's Cards

FINAL ASSEMBLY:

Place the **Lid** on the **Body** of the assembled **Magazine Box** or **Comic Box**.
When you are finished it will look like this:
